

Christian Network

HOW

ACTION FOR CHILDREN

WORKS

A Staff Network group

Our mission:

AFC Christian Network is for staff who identify with or have an interest in the Christian faith. The Network provides a platform to build a community of Christian staff in the workplace to support each other, all colleagues and Action for Children's work, spiritually, intellectually and professionally. The Network started in March 2016.

Our objectives:

- **Fellowship** – enable Christian staff to interact for mutual support and growth to live Christian values in the workplace.
- **Advice** – work with leadership and the Head of Inclusion to promote diversity and inclusion.
- **Pastoral care** – support the spiritual and emotional well-being of all staff through prayers and value-adding activity.
- **Awareness** – contribute to excellent service delivery by helping staff understand Christian beliefs and how they can affect our staff and service users.
- **Be a door into the community** – help Action for Children engage and build effective relationships with all communities to promote and enrich our work.

To become a member or for information, advice or prayer, please email: AFCChristians@actionforchildren.org.uk
